

IVALON® Surgical Products

Nasal and Sinus Packings are designed to combine unsurpassed fluid control with enhanced patient comfort. These packings are designed with an integral, smooth and porous outer surface. This surface enhances patient comfort by reducing the risk of re-bleeding and adhesion during removal. The highly adsorbent hydroxylated polyvinyl acetal (PVAc) inner sponge is extremely soft and pliable, providing optimum patient comfort.

**4000
PLUS
NON-STICK
Surface**

- Integral smooth outer surface reduces adhesion
- Soft, pliable sponge enhances patient comfort
- Double-compressed and rounded edges ease insertion
- Fiber-free PVAc construction will not introduce lint fibers into the surgical site
- Atraumatic removal
- Highly absorbent sponge provides fast and effective fluid control, absorbs up to 25 times its weight in fluid
- Complete range of products to suit individual surgical needs

...highly absorbent, lint and fiber free PVAc Surgical Products

A COST EFFECTIVE ALTERNATIVE TO COTTON GAUZE :

IVALON® Surgical Products are constructed of a unique hydroxylated polyvinyl acetal (PVAc) sponge developed by the pioneer of modern PVAc products. PVAc sponge has been used around the world in a variety of medical applications for over forty years. **IVALON®** PVAc packings are lint and fiber free. They provide a unique combination of exceptional liquid absorption and wicking characteristics with high tensile strength.

IVALON® ThinPack™ products are less bulky and offer an alternative to the surgeon who desires to pack less or with less material. **ThinPack™ Nasal Packings** are available in several styles for various applications.

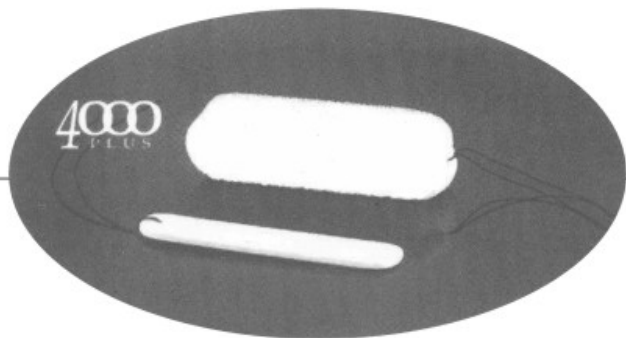

A HISTORY OF QUALITY AND SERVICE :

All **IVALON® Surgical Products** are manufactured in the United States using a patented formula. **M-PACT** is internationally recognized for manufacturing and distributing quality products for a wide range of medical indications. **IVALON® Surgical Products** provide the physician with exceptional quality and value in today's healthcare environment. **M-PACT** is your best source for polyvinyl acetal surgical packings.
